This Month's Learning & Activities

There are a lot of fun things planned for October. Our units for the month are Outer Space, Pirates & Princesses, Autumn Fun, and of course, Halloween.

Each class has been working hard and doing a great job learning to be good friends and students. Here is a quick note from each teacher:

- Miss Cassie: In October we will be introducing the letters C-F by learning their sounds and words that begin with the letters. We have lots of fun activities including experiments, scavenger hunts, and crafts planned that correlate with each week's theme.
- Miss Sam: We're talking about making good choices and using listening ears. We've introduced red, yellow, and blue and have made orange and green through fun experiments. We've also learned new words and facts as we explore each week's theme.
- Miss Stephanie: We are working on learning to sit for circle time, sharing with our friends, and I have introduced a fun matching game for learning colors.
- Miss Jessica: As we start the year I want to make school as fun as possible. While playing we will be working on small concepts like mimicking through games and songs as well as finding things that are hidden.
- Miss Genna: The babies are growing and learning through exploring. We have been enjoying lots of tummy time, and working on both gross and fine motor development. We're getting outside a lot by going on walks or joining the one year olds and toddlers on the playground for a little fresh air.
